

Boom and Bilge Socks

L90855, L90857, L90909, L90809, L90858, L90866

Issue: Potential safety hazards are present where leaks, drips, sprays or spills are most likely to occur.

Solution: A spill control plan should be developed with absorbent products readily available to control daily leaks and spills in case of an emergency.

Description: OIL-DRI® Boom and Bilge Socks absorb petroleum-based fluids and contain spills on water for easier handling. Boom have links at both ends can hook together for any size spill. Bilge Socks skim oil off water in confined spaces and are designed to work in tight areas, machine sumps and drains. The bilge boom is ideal in bilge areas of ships and has an attached clip for easy use and removal.

Features & Benefits:

- **Hydrophobic** - Will only absorb petroleum based fluids... will not absorb water.
- **Superior Retention** - Holds liquids in.
- **Incinerable** - Reduces disposal costs.

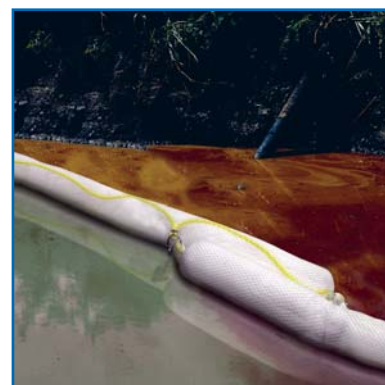

Product Specifications:

- **Composition:** Outer casing filled with meltblown polypropylene filling.
- **Color:** White
