

# Oil Only Absorbents Product Data Sheet

## Oil Only Rolls

**L90780, L90783, L90781, L90782, L90814, L90664, L90813, L90918**

**Issue:** Potential safety hazards are present around machines or in storage areas where leaks, drips, sprays or spills are most likely to occur.

**Solution:** A spill control plan should be developed with absorbent products readily available to control daily leaks and spills around your plant or to use in case of an emergency.

**Description:** OIL-DRI® Oil Only Rolls should be a part of every spill control plan. This material is used to absorb petroleum based fluids while repelling water. Ideal for automotive and industrial plant applications. Also ideal for marine applications as this material can quickly remove floating oils from water. Quick absorbing speed and superior retention make this product an effective and safe solution for any petroleum based spill problem.

### Features & Benefits:

- **Hydrophobic** - Designed to absorb petroleum-based fluids and repel water.
- **Superior Retention** - Holds liquids in
- **Versatile** - Material is easily cut to fit any tight spot
- **Incinerable** - Reduces disposal costs

### Product Specifications:

- **Composition:** Meltblown Polypropylene
- **Color:** White
